

REALLOCATE GeoSurvey Instructions

Step 1: Open the Map Editor

Go to: <http://geojson.io>

Step 2: Add Your Pilot Location

1. On the toolbar on the right, click the Draw Point icon (or press `m`).
2. Click once on the map where your pilot site is located.

Step 3: Draw the Area of Influence

1. On the toolbar on the right, click the Draw Polygon icon (or press `p`).
2. Click multiple points around your area to draw a polygon.
3. Double-click to finish the shape.

Step 4: Save the Geometry

1. Click on the Save button at the top of the screen.
2. Select GeoJSON format and download the file.

Step 5: Test the Saved File

1. Open the saved `.geojson` file in <http://geojson.io> using the Open button at the top of the screen.
2. Check that both the pilot point and area of influence are correct.

Step 6: Send It by Email

1. Compose an email with the subject:

'REALLOCATE: Pilot Location and Area - [Your City] - [Pilot Name]'

2. Attach the saved `.geojson` file.

3. Send it to:

tiago.tamagusko@ucd.ie and ungku.sonet@ucd.ie
